

Autumn/Winter Box League — who has entered

Prepared 09 September 2026 for David Hennebry and management. 100 teams, 200 players, €20 a head.

Games played at W7 before the league (named on a W7 booking, 2025-12-30 to 2026-09-08, 5,326 bookings on record):

Band	Players	Share	Meaning
Core	132	66%	15+ games on record
Regular	29	14%	5–14 games
New	15	8%	1–4 games
First-timer	24	12%	no W7 booking on record

So **161 of 200 (80%)** are established W7 players and **39 (20%)** are new or nearly new — the league is bringing people onto the courts, not just organising the ones already there.

Method: every saved Playtomic extract (overlapping 90-day windows) merged by booking id; a player is counted once per booking they were named on; cancelled bookings and future bookings excluded. Name matching is exact after normalising case and punctuation, so a player who booked under a different spelling shows as fewer games than the truth. Ratings are the live Playtomic levels used for the box cut.
